

The happiest employees are 50% more motivated & productive in the workplace. Restrooms only account for about 5% of the cleanable area of a facility. Yet approximately 95% of all cleaning complaints are restroom related.

Women comprise 53% of the U.S. workforce and care more about their workplace cleanliness than men do. Restroom cleanliness is particularly important to women as they spend twice as long on average in the restroom compared to men.

Help make your workforce happier and more productive by keeping your restrooms smelling fresh.

1# Cleaning Complaint: Restroom Odours

Freshen your restrooms

air fresheners

P-Shield Urinal Mats

Non-slip urinal mats that protects your floors

P-Shield's unique design allows men to stand closer to the urinal without stepping on the mat. It holds twice as much urine as competing mats, and has a non-slip tacky bottom layer that seals in urine while protecting your floors.

Lasts 60 days

The P-Shield lasts for a full 60 days, that's twice as long as other competing urinal mats. Contains urine counteractants and mold inhibitors so that mat stays fresher longer.

Reminds you when to change it

Replacement date indicator assures a cleaner, fresher restroom since you know exactly when to replace it.

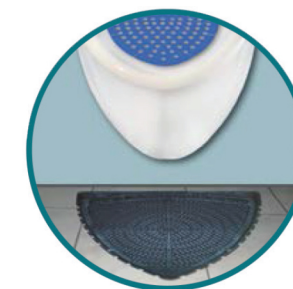

Stays in place

Place the P-Shield against the back wall directly under your urinal and it will stay there. The mat contains a non-slip tacky bottom ensuring it stays in proper position.

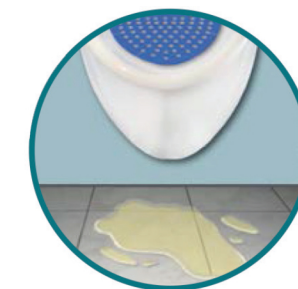

P-Shield absorbs and neutralizes uric acid (urine), protecting your floors and keeping your restroom smelling great. An impenetrable bottom plastic layer keeps urine off the floor while a superabsorbent top layer consumes and neutralizes urine.

- Unique shield design — Allows users to stand closer to the urinal without having to step on the mat.
- Lasts 60 days — Twice as long as any other urinal mat.
- Reduces costs and labor by 50% — Our superabsorbent soaks up more than twice that of the leading mat.
- Replacement date indicator — Assures a cleaner, fresher restroom since you know when to replace it.
- Stays put — Unique non-slip flexible materials and 2-sided tape keep the mat in place.
- Hides stains & eliminates odors — Our superabsorbent layers are black so they hide unsightly urine. Contains urine odor counteractant AND a mold inhibitor.
- Traps & neutralizes urine — Our "odor lock technology" traps and eliminates urine and its odor, keeping your restroom smelling great.

Good

Bad

The Wave 2.0

4x

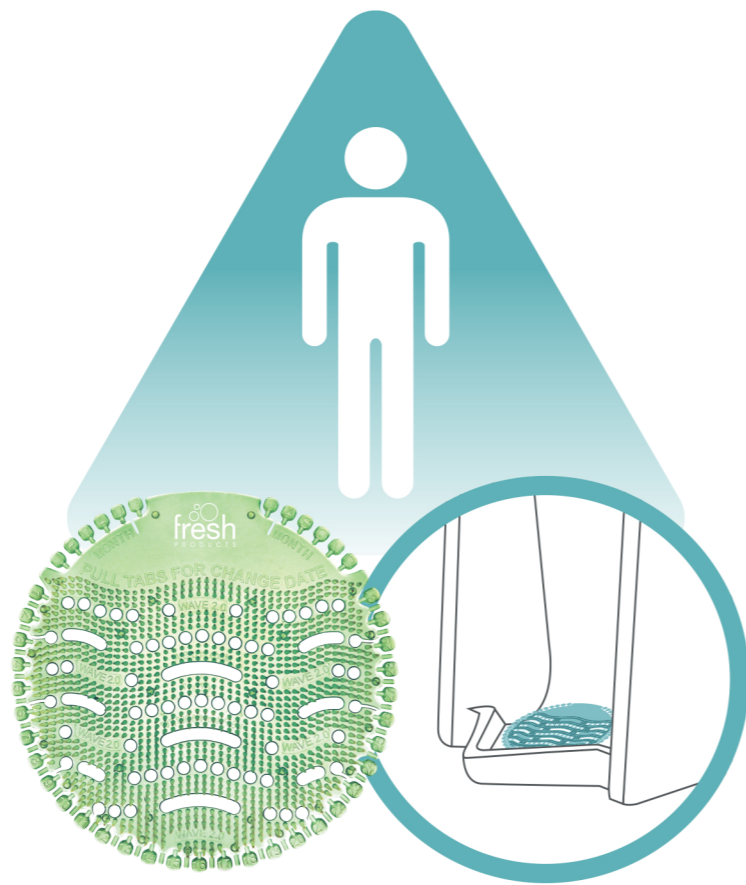

Powerful
Contains 4x more fragrance than competing 'look-alike' screens.

31

Reminds you when to change it
Pull the month/day tabs to select your change date for consistent freshening.

Reduces cleaning time
Super long protrusions eliminate urine splash and cut clean up time.

Easy Fresh 2.0

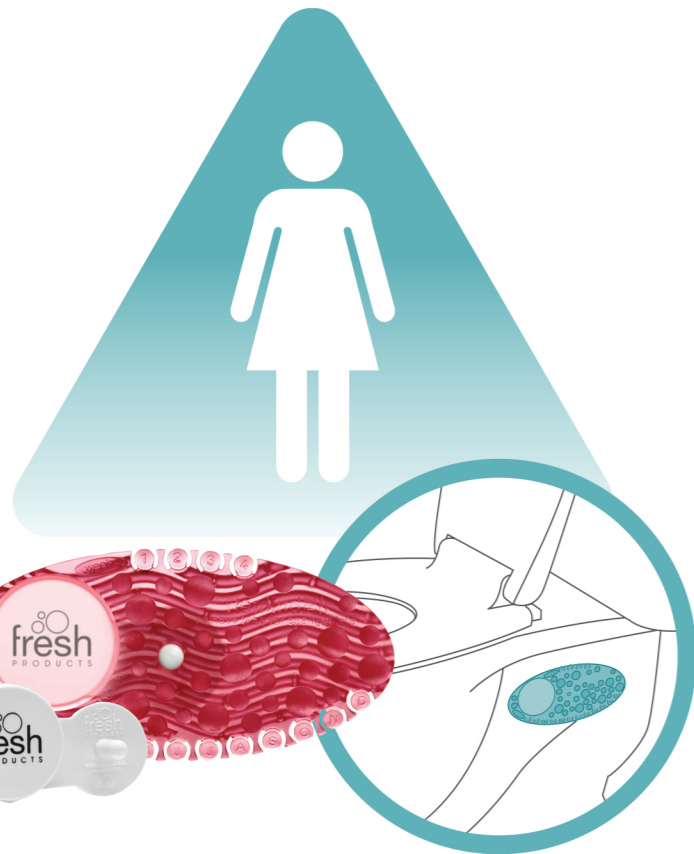

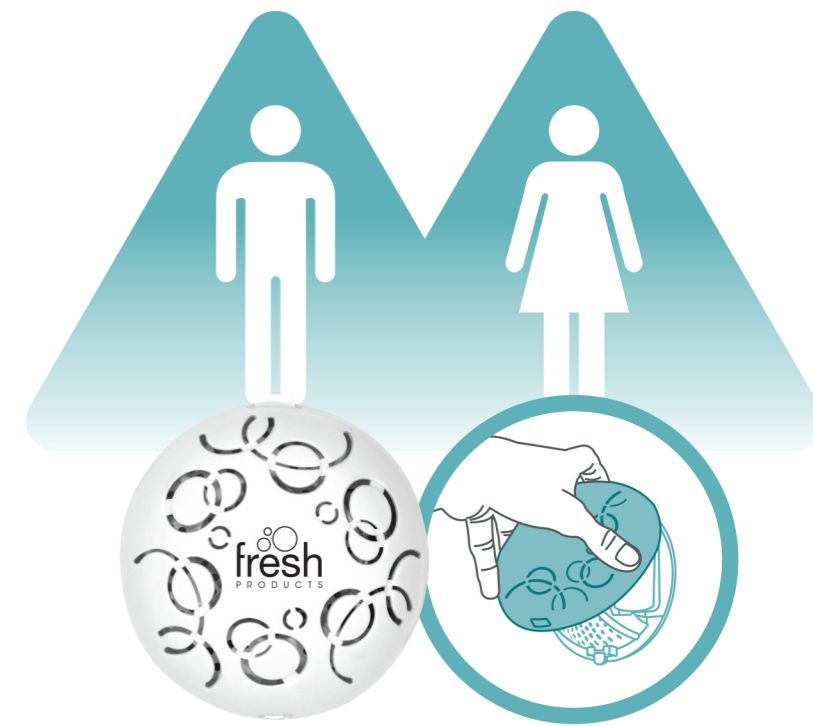

Fan powered
Covers 2x the area of passive air freshening systems.

Smartchip + audible alert
Chip controlled fan provides more consistent freshening with audible replacement alert on day 33.

Easily recyclable
%100 easily recyclable

The Curve

50x

Powerful
Contains 100-50x more fragrance than standard rimsticks.

Versatile
Holder allows it to be used almost anywhere on a smooth flat surface.

1-30

Discrete
Easily hidden while freshening for 30 days.

Bio Snake Blocks

Grease trap & drain treatment

Drop a Bio-Snake block in the bottom of your grease trap and notice immediate difference in grease build-up and a 96% reduction in grease trap odors. Bio Snake Blocks are a much more effective than liquid products, and an environmentally friendly solution.

Saves time and money

Reduce scheduled pumpings and emergency service calls saving you time and money. No pumps to purchase or maintain.

Environmentally friendly

Bio Snake blocks are made environmentally friendly and comply with EPA & Health Department standards.

Time released formula

Lasts for up to 30 days working 24 hours a day, 7 days a week.

- Each block contains bacterial spores selected for their effectiveness in eliminating grease by digesting and converting it into CO₂ & H₂O.
- Reduce grease trap odors by up to 96%.
- Reduces effluent BOD levels by up to 80% and EPA & Health Department compliant.
- More effective than liquid products.
